

VAT refund submissions before Brexit

Country - United Kingdom

Submission Date - 28/01/2019

The United Kingdom could leave effectively the European Union on 29th of March 2019.

In the absence of an agreement between the EU Member States and the UK, the refund procedure in effect today might no longer be valid and the EU companies might no longer be able to transmit the claims through their own country's portal. After this date the EU companies might have to submit the claims directly to the UK authorities, in accordance with their terms and conditions. In this situation, the deadline to file a claim might no longer be the 30th of September 2019. Thus, if your company wishes to file a reimbursement claim for expenses incurred in the UK for 2018, we recommend to proceed with the submission before 28/02/2019.

We remain at your disposal if you wish further information or analysis.
